Saikumar Reddy Siripireddy

QA Engineer (Manual, API & Automation Testing)

About Me

Aspiring Software QA Engineer with hands-on experience in manual testing, API testing, and automation testing basics. Passionate about delivering high-quality software through effective test planning, bug tracking, and continuous learning. Familiar with SDLC, STLC, Jira, and modern QA tools. Currently enhancing automation skills using Playwright and Selenium.

Skills

Manual Testing

- Functional Testing
- Regression Testing
- Smoke Testing
- Test Case Design & Execution
- Bug Reporting & Defect Tracking

API Testing

- Postman
- REST API Testing
- Swagger Documentation
- JSON Validation
- API Response Verification

Automation Testing

- TestNG Basics
- Automation Testing Fundamentals
- Basic Playwright Automation

Portfolio

Tools & Technologies

- Jira
- Git & GitHub
- Basic SQL
- Agile Methodology
- SDLC & STLC

Practice Work

Manual Testing Projects

- Created and executed test cases for login, registration, and dashboard modules
- Performed functional and regression testing on demo applications

Bug Reporting

- Reported defects with proper severity and priority using Jira
- Documented bugs from demo websites like OrangeHRM and DemoQA

API Testing

- Tested REST APIs using Postman collections
- Validated API responses, status codes, and JSON data using ReqRes and JSONPlaceholder APIs

Automation Practice

- Developed Selenium scripts for login pages, form submissions, and search functionality
- Learning reusable automation frameworks and Playwright basics

All practice projects and testing samples are uploaded to my GitHub repository for recruiter review.

Portfolio

Learning & Certifications

- Software Testing Training – Manual & Automation Testing
- Learning API Testing with Postman
- Currently Learning: Playwright Automation Testing
